PROJECTS

UI AND UX DESIGN

(Online Food Delivery App)

It was an individual project. This was done using Figma design tool. My project was selected as one of the best design by lecturers.

WEBSITE DEVELOPMENT

(Tourism)

It was a group project. It was completed using sublime text editor. I mainly did the home page development on this project. Thus, I used HTML, CSS, JavaScript for building blocks, and bootstrap for responsive page development. as I wanted to attach several images, I used Photoshop and Illustrator to edit images.
